

“Take Action Youth Camp”

Fall Newsletter 2017

Take Action Youth Camp
1452 E. Brown School Rd.
Maryville, TN 37804
(865)984-2221

We are getting ready for 2018!

“Take action” Youth Camp Assessment
We have finished our 2017 camp evaluation
We would love your feedback for 2018

In 2017, children entering Kindergarten were eligible to attend camp! This was our 2nd year that we allowed our children entering kindergarten the opportunity to attend camp.

As with the year before, we saw a great amount of maturation with all the kindergarten campers as the camp weeks progressed.

These children learned to deal with a different kind of schedule and environment. We will continue to enroll Kindergarten campers in 2018!

Dates to Remember

May 21 1st Day of Camp
May 28 Memorial Day
Jun 4 Swm Lessons begin
Jul 4 Independence Day

2018 Youth Camp Registration \$50

Guarantee your place on any day or week in the summer of 2018 Available to the first 20 registrations. You do not have to choose your permanent weeks until April 15th, 2018. Just give an estimate.

We are opening the class roll immediately for the first 20 campers to sign up for the 2018 youth camp summer! We are giving last year’s campers this opportunity because we feel our camp spots will be filled early when we open enrollment to the general public.

Early registration insures your spot while giving us a tremendous planning advantage

The Pool & Outside Play

Micah and I have decided to keep the outside pool time at 2 hours per day. We also have discussed having more inside craft time immediately following the gym and game room periods. A resting activity may be better for campers at that particular time.

Building and Program Improvements

We will continue to modify and improve our Game Building and our Homerooms. We are planning a new roof on our homeroom building and additional surprises in the Game building.

The 2018 “Take Action” Youth Camp Tuition

Registration: \$50 / family
5 day camp week: \$145
3 day camp week: \$111

Campers registering for 3 or more weeks before Dec 31st receives a free camp bag, and water bottle.

Why Should parents Register Early for Summer Camp?

This is important to camp planning. We will be able to fill staff positions early, advertise less, and put more resources directly into the camp program.

This may be important to parents. The first 20 camp registrations will be guaranteed a spot throughout the 11 week summer. In other words, it looks like we will be filling up some of our weekly spots way before school ends. We would like to enroll our previous campers first so this will not be a problem. The first 20 students will also be able to delete or add your camper weeks & days up until April 15th. When filling out your application(s), just “estimate” your summer days needed! You may alter or add weeks in April.

Weekly \$20 deposits will not be due until April 1st through April 15th.
